CAREER OBJECTIVE

Detail-oriented with a B.Tech in **ECE** and hands-on Training Knowledge in Python Programming, SQL, Excel, and Power BI. Skilled in data cleaning, statistical analysis, Exploratory data analysis, and dashboard creation. Strong analytical mindset with the ability to solve real-world problems using data-driven approaches. Eager to contribute to organizational growth while continuously learning advanced technologies.

EDUCATION

B.Tech – Electronics & Communication Engineering (ECE)

Rajeev Gandhi Memorial College Of Engineering And Technology , Nandyal | Year: 2026

Intermediate – MPC (Maths, Physics, Chemistry)

Pragnya Junior College

SSC – Class 10 (English Medium)

Viswasanthi EM High School

TECHNICAL TRAINING

Data Analyst Trainee (Offline)

Tools: Python, Excel, SQL, Power BI, Pandas

- Receiving professional training in **Data Analytics and Data Science**
- Performed **data cleaning, transformation, visualization, and reporting** on real datasets.
- Built interactive dashboards in **Power BI and Excel** for trend analysis, insights, and performance tracking.
- Created and managed SQL tables, applied joins, subqueries, and aggregate functions.

ACADEMIC PROJECTS

EOG ARTIFACT REMOVAL IN EEG SIGNALS USING SM-SSA &MLP – (Python, MATLAB, SM-SSA, MLP)

- Developed a machine learning – based EEG signal denoising system for removing EOG artifacts using SM-SSA and MLP techniques.
- Worked with MATLAB and Python for signal processing , data analysis, and performance evaluation using metrics like RRMSE , SNR , and Correlation Coefficient.

E-COMMERCE PRODUCT PAGE UI DESIGN- (HTML)

- Designed and developed an E-commerce product page UI using HTML and CSS.
- Created a responsive and visually appealing layout to display multiple products with images, prices, and implemented clean grid structures, product cards, and basic styling principles to enhance user experience.

SKILLS

- **Programming:** Python, SQL,C
- **Libraries & Algorithms:** Pandas, NumPy , Model Evaluation
- **Data Analytics:** Data Cleaning, EDA, Statistical Analysis, Data Transformation
- **Visualization Tools:** Power BI, MS Excel
- **Soft Skills:** Problem Solving, Team Collaboration, Communication, Leadership

CERTIFICATIONS

- Certified in AWS Data Engineering Virtual Internship by EduSkills.
- Certified in Google AI-ML Virtual Internship by EduSkills.
- Certified in AWS AI-ML Virtual Internship by EduSkills.
- Certified in AWS Cloud Practitioner.
- Certified in Paloalto Networks Cybersecurity Virtual Internship by EduSkills.
- Certified in Microchip Embedded System Developer Virtual Internship by EduSkills
